## **Longer Prayer for Recovery from Coronavirus Prayer**

"Then you shall call, and the Lord will answer; you shall cry, and God will say, Here I am." Isaiah 58:9

We know that God can turn the tide.

We know that our readers number more than a million strong – and the strength and power and effectiveness of united prayers can spiritually turn the tide in national and international affairs.

Nothing opposed to God's good can last.

Prayer can cause an outbreak of God-given health and accelerated recovery.

As you say this prayer there is a listening audience of a trillion cells in your physical body, awaiting your direction.

We pray that this God empowered prayer can promote an upturn in comfort and confidence. We know that God is the never failing, all providing source of health for ALL people, everywhere.

God is the Creator that creates life in a miraculous nine months' time. God is also the re-creator of life and full recovery under the Divine blueprint of perfection.

May God's Divine blueprint be made manifest in each of us NOW.

We pray that God the Creator creates atmospheres of perfection and complete sanitation.

We pray that we are protected by God, surrounded with the Divine presence at all times, in all crowded places, and our alone places.

We pray that we are infilled from the top of our heads to the bottom of our feet, to the ends of our fingers, with the regeneration of God that strengthens every cell and ongoing fortification of our complete immune systems.

We put on the full armor of God.

We pray that God guides us away from harm.

We pray that we do not inadvertently do harm to others.

We pray, dear God, that You will remind us to vigorously wash our hands and keep us from the habit of touching our face.

We will learn that we can love mentally and not need to shake hands, or touch, at least temporarily, as this goes away forever.

Thank You, God, that You will protect the caregivers, wonderful doctors, and nurses, and guide those in governments with exact precision on the best testing and medicines towards permanent healing.

We pray that every scientist mind is infilled with the direct guidance of the Mind of God, and Divine ideas rule the day.

We pray that those that have the virus experience the immediate Divine intervention help of God to lessen its effects and quicken their permanent recovery.

We pray that those affected are helped financially with God's unexpected supply and prosperity to take away that concern.

With God's help this virus will pass and will soon be a distant memory as complete vitality and energy is experienced again.

May God's power remove our individual fears and give us each the confidence to live our lives that we have been given.

God's pattern of perfection in us is now expressed as a re-creation of health and wholeness in body.

Thank You, God, for restored health, and vital economy in our world. This challenge is touched by God - health and vitality is brought into perfect manifestation beginning now.

In Jesus Christ's name... Amen
